INCORPORATION

Incorporated on 18th June 2004, under the Companies act, 1956 by "LATE R SHIV KUMAR," Classic Technomec Pvt. Ltd is manufacturing a wide array of industrial machines and equipments like Sponge Iron Plant Equipments, Material Handling Equipments, Grab Buckets, and Hot Metal Steel Ladle for various kinds of industrial applications. We can customize the design as per the client's applications needs, and as per defined industry standards. These industrial machines and equipments are manufactured with the use of high-quality materials, also these products are specially manufactured keeping global quality standards in mind.

As a customer-focused industry, all our business activities are designed to increase the level of satisfaction of our valued customers. We offer these products in a variety of sizes and specifications to meet the needs of our customers. Our skilled professionals ensure that high-quality products are delivered to customers within the time frame specified. We owe our success to ethical business practices and customer-focused approaches.

FOUNDER

Late R Shiv Kumar

INTRODUCTION

Classic Technomec Pvt Ltd since its inception more than 17 years has steadily expanded to grow both in size and diversity. The engineering and project division of CTPL is equipped with medium machine shop, heavy fabrication and assembly facilities including design & engineering facilities to undertake jobs from concepts to delivery.

CTPL has two units in Bhilai city of Chhattisgarh state. To facilitate & support various orders & maintain & develop corporate relations we have our corporate office which is highly equipped with latest and ultra modern infrastructure & communication facilities. Specialized manpower is the backbone of CTPL. Comprising more than 70 highly experienced workforce we at CTPL deliver best services for customer satisfaction & mutual business co-operation. CTPL undertakes total project implementation including mechanical, structural and assembly jobs.

CTPL is an ISO 9001:2000 certified manufacturing facility specialized in engineering & manufacturing for the Steel, Mines, Sponge, Cement, Port, Power & Railway industries from small structure to giant equipment fabrication projects. CTPL is pioneer in Sponge, Cement & Power projects.

**DIRECTOR
ANISH KUMAR**

ENGINEERING DIVISION

- Integrated engineering & manufacturing unit in Bhilai Chhattisgarh with complete in house facility for detailed engineering, manufacturing & assembly testing.
- Workforce of over more than 120 people.
- Strongly believes in growth through technology.

OUR STRENGTHS

GRAB BUCKET

Classic Tachnomec Pvt Ltd provides grab buckets for bulk material handling to fertilizers, chemical, rolling mills, steel plants, cement plants, coal, washing & ports etc.

CTPL strongly believes in providing customer satisfaction and in the past have supplied grab buckets for Ganga Safai Abhiyan, Power Plants, Cement Plants, Etc.

WET SCRAPPER CONVEYOR

**Classsic Technomec Pvt Ltd provide Wet Scrapper for
sponge iron & cement plants with different capacities .
(50-500 TPD plants)**

EOT CRANE

We supply class 4,2,3 duty EOT supply cranes to Steel Plants, Engineering Divisions, Rolling Mills etc.

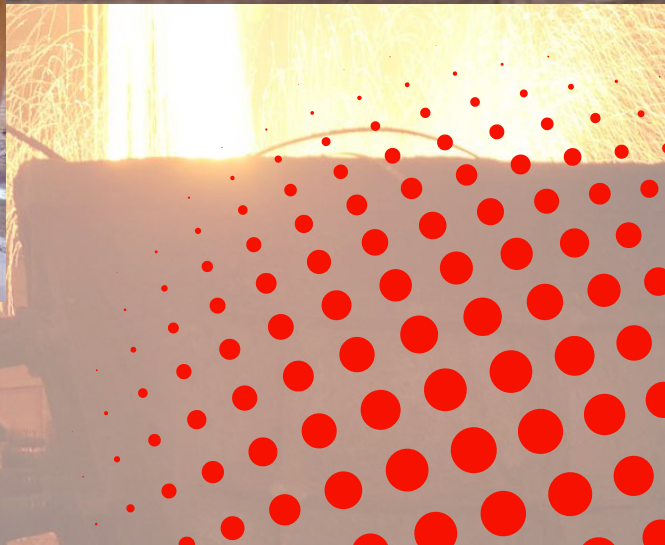

COOLER/KILN SHELL

We provide a complete Kiln & cooler manufacturing solution for Sponge & Cement Plant by providing complete manufacturing of Kiln & Cooler with their accessories for 50-500 TPD plants.

ROTARY KILN/KILN SHELL

SAFETY POLICY

- **Well trained and qualified safety professionals/Control Team to assist the company in maintaining safety standards as per industrial norms.**
- **We ensure environmental integrity both at shop and site to meet national standards and to meet safety of men and equipment both at manufacturing shop and site facilities.**

QUALITY POLICY

- We Provide Quality services meeting national/international standards and meeting customer Quality specifications.
- We have Qualified and Experienced Quality Assurance/Quality Control team to assist the company in maintaining Quality Systems of International repute.

FACILITIES

(A) ENGINEERING OFFICE:

Hardware:

- Plotters, Laser Printers etc.

Software:

- Auto CAD 2013
- MS office Scheduling Software

b) RESOURCES:

Personnel -

Qualified and experienced group of Engineers of various disciplines to cater

- Design and detailed engineering
- Process Equipment
- Manufacturing
- Projects
- Construction services

c) QUALITY:

Works to the satisfaction of various third party agencies and government agencies.

d) Delivery control:

Delivery to meet customer requirements to suit in their overall project schedule.

WORKSHOP

Necessary machinery, tools and tackles are available take up fabrication of Heavy Structural's, Electro-mech. Equipment, Vessels, Tanks, Material Handling system and Moving Equipment etc. The list of Machine, tools and tackles available is furnished in the upcoming pages.

A welder in a yellow protective suit is working on a large, dark metal structure. Bright sparks are flying from the welding point. The scene is overlaid with a semi-transparent text box containing the text 'EQUIPMENTS/ MACHINES'. The bottom left corner features a yellow background with red polka dots, and the bottom right corner is a solid red triangle.

EQUIPMENTS/ MACHINES

SL NO	NAME OF MACHINE	QTY.
1	LATHE M/C 4 FEET	2
2	LATHE M/C 5 FEET	1
3	LATHE M/C 6 FEET	3
4	LATHE M/C 8 FEET	5
5	LATHE M/C 10 FEET	1

Sl. No.	Material Handling Equipment	Quantity (Nos.)
1	09 Tons Capacity Mobile Crane	1
2	12 Tons Capacity Mobile Crane	1
3	Chain pulley blocks(5 Ton and 3 Ton)	5
4	Lifting slings and Deshakles	8
5	Hydraulic jacks -100 MT capacity	2
Power Availability		
1	100 HP Capacity Transformer	
Testing Facilities		
1	Hydro and pneumatic pressure testing arrangement.	
2	Non destructive Testing facilities i.e. DP, MPT, Radiography film view	
3	Measuring Instruments	
4	Elcometer to check Paint Thickness	

FACTORY AREA

- COVERED SHED- 24,000 SQ.FT
- UNCOVERED- 90,000 SQ.FT

PRODUCT RANGE

CTPL – In the past 17 years CTPL has made a mark by successfully completing various projects:

- **Complete Kiln & Cooler manufacturing with its accessories**
- **Grab Bucket**
- **Wet Scraper**
- **Iron & Steel making equipments :**

1. Hot metal Ladles
2. Grab Bucket
3. Bail Arm with J-hooks
4. Tundish
5. Ball Mill
6. Tip Casting
7. Stack cap with upper & lower segments
8. Butterfly Dampers
9. Rotary Air Lock Valve
10. Screw Conveyor
11. Spring Plates from Girth Gear
12. Magnetic Separators
13. Suspension Magnets
14. Conveyor Idler Rollers
15. Receiver Tanks
16. Slurry & Ash storage Cylo
17. Back fitters
18. Hoppers
19. Coal Injectors
20. Scrap Buckets
21. Strap chutes transfer can
22. Slag Pot

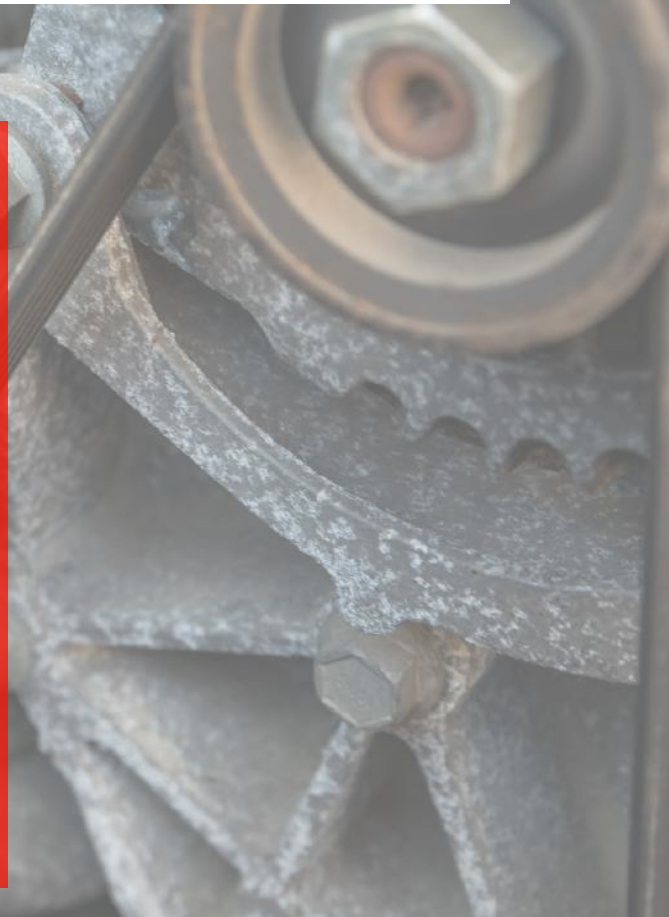

•Heavy Light Structure

1. Conveyor Structure
2. Boiler Structure
3. Cooling Tower structure & fan Rings
4. Turbine house structure etc.

LADLE

- HIGHLY-EFFICIENT
- AFFORDABLE COST
- LOW MAINTENANCE
- EASY TO HANDLE
- SUPERIOR QUALITY
- SMOOTH EXTERIOR FINISH
- NON-CORROSIVE BODY
- LOW POWER CONSUMPTION

KILN SUPPORT ROLLER

- HIGHLY DURABLE PRODUCTS
- EXCELLENT TENSILE STRENGTH
- GOOD DIMENSIONAL ACCURACY
- SUPERIOR LEVEL OF TOLERANCE
- CAN BE INSTALLED AND USED EASILY
- SUPERB SURFACE FINISHING
